
FOR SALE: R1 Superbike '07 /Poland

Posted by Mick_Poland - 2008/12/12 18:09

For sale: Yamaha R1 2007 in racing Superbike spec

Yamaha YZF-R1 2007 in a full Superbike rules specification (list of extras below), bought in Yamaha Poland with all document. Never registered for road use but you can do so after fitting all original parts (wheels, fairing, lights – I have it all). Bike is fully prepared for the season.

Janusz Oskaldowicz had won the 2007 Polish Superbike runner-up title using that bike and it was his spare machine this year, not much used though. The person who buys the bike may count on the knowledge he gathered during a racing career spanning over thirty years. If you plan to race this bike in Poland, you're welcome under our team's tent, you're free to use our tools and we'll be happy to personally help you in any way we can.

Contact details:

Michal Fialkowski (manager)

(send me a message via the forum)

List of extra parts:

Racing fairing, full set of crashpads, Ohlins suspension front and rear, light fuel cap, light racing footrests and handlebars, Brembo front fuel pump, steel brake cables front and rear, "Braking" front brake discs, 16,5 inch wheels, kit ignition module, kit spark plugs, light racing subframe front and rear, cylinder head porting and polishing done by Yamaha France, kit camshafts, light kit alternator, STM slipper clutch, kit valve springs, carbon engine covers, quickshifter, Akrapovic Racing full titanium exhaust, set of light sprockets, 520 chain, light battery, bike stands front and rear.
